

PLATFORM

The Growth Operating System

On-Chain CRM and Incentive Engine that helps you identify high-value users, predict their behavior, and retain them with surgical precision.

[LAUNCH PLATFORM](#)[DOCUMENTATION ↗](#)**100%** Whitelabel**5min** Integration**Real-time** AI Optimization TORQUE INTELLIGENCE

Turn Raw Data into Revenue

Stop guessing. Surface actionable campaigns to drive engagement

Natural Language Queries

Ask questions like "Show me whales at risk of churning" and get actionable recommendations.

Sybil Protection

Identify wash traders and bot clusters. 15K+ sybils filtered and counting.

ROI Simulation

Simulate incentive logic against historical data before deploying.

Analytics Dashboard

Track cohorts, reward efficiency, and campaign ROI in real-time.

⚡ GROWTH ENGINES

Launch High-ROI Campaigns

Deploy mechanics that drive viral loops and retention.

Rewards that trigger on specific high-value actions—raffles, rebates, and transfers.

Real-time rankings that drive competition directly in your interface. 2.1x volume lift.

On-Chain Referrals

Native referral programs with multi-tier attribution. \$50M+ volume driven.

Dynamic Budget Allocation

Auto-shift spend to top-performing campaigns. Maximize ROI without manual tuning.

 NATIVE EXPERIENCE

Your Brand. Your UI. Our Engine.

Embed directly into your dApp. Users never leave.

>_ Embeddable SDK

React, Vue, Vanilla JS support. Integrate in minutes with full TypeScript support.

👤 Customizable UI

Every component is themeable to match your brand's colors and layouts.

⚡ Zero-Redirect Claims

Users claim rewards without leaving your app. Zero friction.

<> Full API Access

REST API, webhooks, and SDK for complete programmatic control.

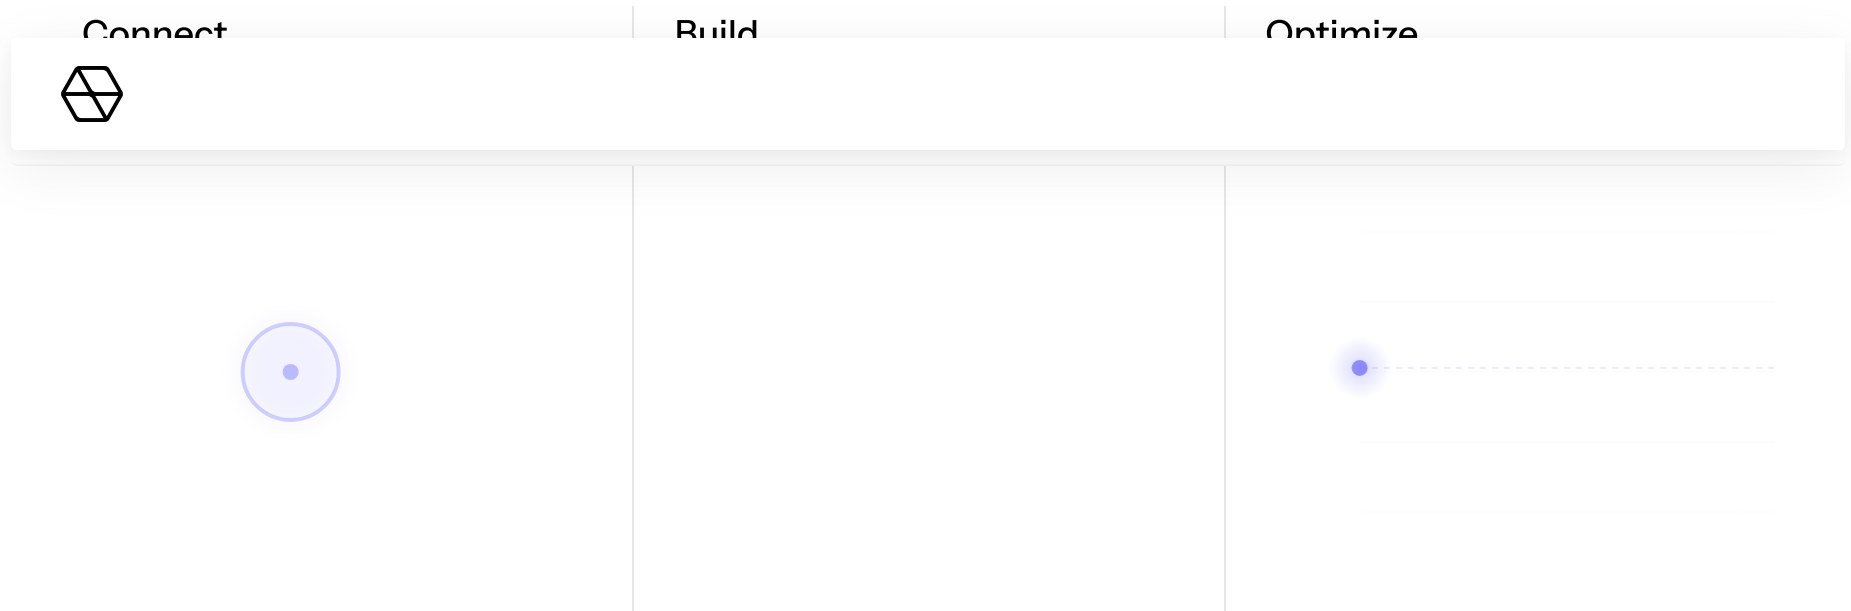

📄 HOW IT WORKS

Three Steps to Growth
